PRODUCT *LINE UP* 2015

ANALOG High Definition Solution

Transmits Analog Megapixel Video Signals over legacy coaxial has been newly launched and features crystal clearer Video Quality than any other similar solution

HD 720P

Coaxial Video Cable 300-500M Distance
Existing wiring can be kept using

Cloud Server with P2P Connection

You may register a free account in our server.
Or a simplest solution to connect your DVR, just scan the QR Code on DVR Screen, you can direct connect to the DVR without any setting.
Thanks to P2P advance feature that built in DVR.
